

Product Benefits

- * System Energy Transfer, which allows single restore maximum power in a minimum volume: a weight
- * DSC System Exclusive: Safety clutch dynamics. Disengagement progressive and flexible, and re-clutch
- * Witness to power up, wear indicator coals, spirit levels for horizontal and vertical drilling.
- * Triple anti-vibration system: - Internal buffer between the piston and cylinder - rear handle patented an

Specifications

Firing rate from	0 to 3000 strokes / min
Capacity drill mini / max	14 mm - 40 mm
Drilling capacity from	14 to 40 mm
Recommended usage diameter	14 to 38 mm
Impact Energy	10 J
Orientation of the tool	16 positions
Weight	5.9 kg with handle
Power	1100 W
