

---

## Product Benefits

---

- \* Shell designed for extreme shock resistance and a reinforced metal ring.
  - \* Greater autonomy.
  - \* Engine oversized to maximize the torque for heavy use and prolong tool life.
  - \* No overheating, even at high speed.
  - \* Power and strength to perform all work high.
  - \* Setting the torque 2 to 10 nm in 15 positions.
- 

## Specifications

---

<b>Capacity</b>	2 Ah
<b>Drilling capacity</b>	Wood 32mm, steel Ø 13 mm
<b>Capacity</b>	screwing screws 8 mm
<b>Maximum torque drilling position diff screw</b>	65 Nm
<b>Maximum torque drilling position tightening facil</b>	26 Nm
<b>Chuck</b>	13mm
<b>Weight</b>	2.3 kilograms
<b>Battery charging time</b>	1 hours
<b>Speed</b>	0-400/1400 rpm
<b>Voltage</b>	12 V
