

Product Benefits

- * Shell designed for extreme shock resistance and a reinforced metal ring.
 - * Greater autonomy.
 - * Engine oversized to maximize the torque for heavy use and prolong tool life.
 - * No overheating, even at high speed.
 - * Power and strength to perform all work high.
 - * Setting the torque 2 to 10 nm in 15 positions.
-

Specifications

Capacity	2 Ah
Drilling capacity	Wood 35mm, steel Ø 13 mm
Capacity screwing screw	10 mm
Maximum torque drilling position diff screw	70 Nm
Maximum torque drilling position tightening facil	30 Nm
Chuck	13mm
Weight	2.4 kg
Battery charging time	1 hours
Speed	0-400/1400 rpm
Voltage	14.4V
