

Usage Areas

Product Benefits

- * Soft start.
 - * Indicator light control to regulate the pressure of drilling.
 - * Can be mounted on TRIX 160 for core Ø 51 to 161 mm
 - * Can be mounted on SDR 350 per core Ø 51 to 250 mm.
 - * 2 speed selector according to the diameters of crowns.
 - * Safety of use: CB Security differential PRCD 10 mA
 - * Electronic security to prevent overheating of the engine torque limiter to protect the user
-

Specifications

Capacity	ø 51 to 201 mm (250 mm possible)
Crown	1 "1 / 4
Weight	11 Kg
Power	2 500W
Load speed	= 360 rpm, 850 rpm
